

Hand Disinfectant Sterillium^{®} Gel pure

The fragrance-free variant of Sterillium^{®} Gel pure for particularly sensitive skin. Highly effective hand disinfection gel with comprehensive antimicrobial activity and a tried-and-tested moisturising complex.

Alcohol-based hand disinfectants with positive effects on the skin have long been a need for caregivers. It has been proven that a well-formulated alcohol-based hand gel containing skin-nourishing substances does not have any irritating or sensitising effect. On the contrary, with repeated use, it can actually enhance the skin moisture content significantly compared to untreated skin.

Only approved for Germany and Switzerland !

Use biocides safely. Always read the labelling and the product information before use.

Perfume free:
